

How to Estimate Your Costs for Specific Procedures

With the Provider Finder tool, you can look up real-time estimates of your cost-sharing liability for covered healthcare items and services from different in-network providers. Our goal is to help you and your family prepare financially by understanding the cost of certain procedures and compare prices across different providers so that you can make informed decisions before you receive care.

Where to Start

A. Navigate to the **Provider Finder Homepage** from your Allied Member Portal (alliedbenefit.com).

B. Select the **Procedure Costs** card under Browse by category.

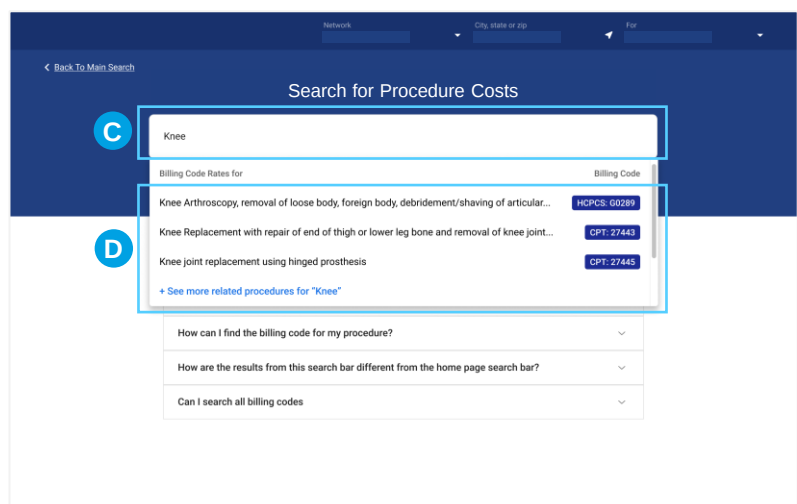

Provider Finder Homepage

Enter the Procedure You Want to Search

C. In the search bar, enter the procedure **billing code** or **billing code short description**.*

D. Select from the **AutoSuggest** drop-down list.

*To see a full list of items that you can search for in the tool, click this link [here](#).

Search for Procedure Costs Landing Page

Review the Search Results Page

The results page will list the physicians or facilities in your network that perform the procedure searched.

- E. Each result will show your **estimated out-of-pocket cost**. This amount is based on the provider's negotiated rates for the specific procedure code searched, and includes your current deductible, coinsurance, and copayments for the covered service.
- F. The results will automatically **sort by cost share (low to high)**. You can change the sort order of your search results by selecting a different option from the 'Sort By' drop-down list.
- G. Narrow your results by selecting from the **Filter** or **Distance** drop-downs.
- H. The **Procedure Information** cards will indicate any prerequisites or limitations for you to be aware of. This information is unique to you and will vary based on the item searched.
- I. **Select a result or click 'View Profile'** for more detailed cost information on the Provider Profile Page.
