Once registered start exploring

On your personal member page you can find information to help you understand and use your benefits and become an even smarter health care consumer.

- ✓ Click on the Physician Search tab to access our **Search & Save Center** tool. Here you can find doctors, choose your primary care physician (PCP), compare costs, and save money.

To select a PCP, find the doctor you want as your PCP and simply check the box next to *Select as Physician of Choice*.

- ✓ **Manage your benefits** and maximize your plan. Review your plan details, track your claims, order a new member ID card, and much more — right from your secure member page.
- ✓ With **tools and programs** to help you live healthy, and resources to help you make smart health care decisions, we offer so much more than just health insurance.
