

# Your Cost Estimator Tool

Beginning in 2023, group health plans and health insurance carriers are required to disclose member cost-share for covered items or services online or in paper form, if requested. To make the process convenient for you, the cost estimator tool was created. The cost estimator tool uses information you provide to generate an estimate for how much you may expect to pay out-of-pocket for services and procedures.

## How can I access the cost estimator tool?

You can access your cost estimator tool by going to your Meritain Health® member website at **meritain.com**, or by calling the Customer Service number on the back of your ID card.

From the middle of the homepage, click the *Treatment Cost Estimate* button.

## Making it easier for you

The cost estimator tool will allow you to do a provider and procedure search showing provider demographics, specialty, what items are covered, treatment plans and more! It also will display the cost of a covered item or service including your deductible, copay and other related expenses. The cost estimator tool makes it easy for members to view disclaimers, prerequisites, out-of-network allowed amounts and estimated out-of-pocket costs that may apply. And, paper-based estimates are always available upon request for no fee!

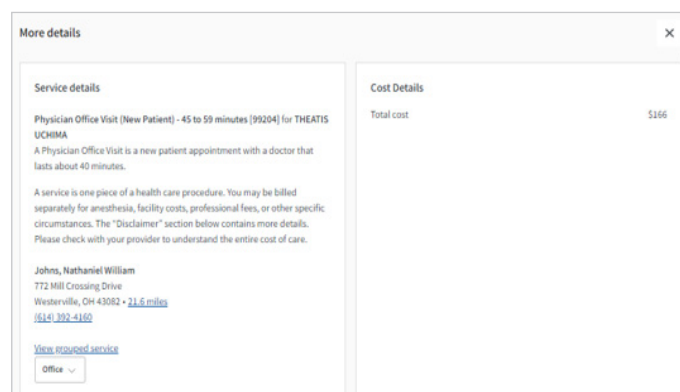

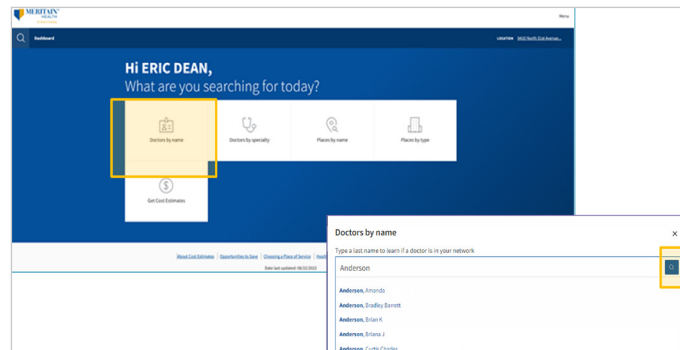

### Simple. Transparent. Versatile.

At Meritain Health®, we're creating unrivaled connections.

**Please note:** You'll be able to view 500 items and services upon launch of the new tool. All items and services will be available to view by January 1, 2024.

## Questions?

If you have any questions, we're here to help! Just call the Customer Service number on the back of your ID card.

Estimated costs are not available in all markets or for all services. We provide an estimate for the amount you would owe for a particular service based on your plan at that very point in time. It is not a guarantee. Actual costs may differ from an estimate for various reasons including claims processing times for other services, providers joining or leaving our network or changes to your plan.
