

Performance Formulary

Please consider talking to your doctor about prescribing one of the formulary medications that are indicated as covered under your plan; which may help reduce your out-of-pocket costs. This list may help guide you and your doctor in selecting an appropriate medication for you.

The preferred medication list, also known as a formulary, is updated on a regular basis. You can view the most up-to-date list at www.benecardpbf.com

Introduction

The BeneCard PBF Performance Formulary serves as a guide for the selection of medications that are clinically and therapeutically appropriate.

Generics: Generics drugs are shown in lower-case boldface type. Most generic drugs are followed by a reference brand drug in (parentheses). Some generic products have no reference brand.

Brands: Brand prescription drugs are shown in CAPITAL letters followed by the generic name.

The BeneCard PBF Performance Formulary is organized into broad categories (e.g. Anti-Infective drugs). Within most categories, drugs are sub-grouped by drug class (e.g. Penicillins) or by use for a specific medical condition (e.g. Diabetes).

To save the most money on prescription drugs, take this drug list with you each time you visit your physician. Consider asking your physician to prescribe generic and formulary drugs listed, if appropriate.

Coverage considerations

Maintenance medications: Drugs you may take on an ongoing basis for conditions such as high blood pressure, diabetes or high cholesterol are considered maintenance medications. Some plans may exclude coverage for certain agents or drug categories, like those used for erectile dysfunction or weight loss.

Over-the-counter exclusions: Your benefit plan may not provide coverage for prescription medications that have an over-the-counter version.

Compounded medications: Your benefit plan may require Clinical Review for prior authorization for compounded medications or they may be excluded.

Repackaged medications: Repackaged versions of medications already available on the market are not covered.
